

## FRENCH

Bonjour! Why learn French in South Africa? It will open doors to various career paths throughout the world. French is a major African language and is spoken worldwide. Recent news has stated that it will be the most spoken language in the world by 2050. You can use French as a translator, an interpreter, a teacher, in business, in engineering and even just as a tourist. Even if you become a doctor, having knowledge of French can help you communicate with foreign-language patients from countries such as Ghana and the DRC or help you join Médecins sans Frontières (Doctors without Borders). Being multilingual can only benefit you and you have fun while learning French too!
